## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors  
Weingart Foundation

### **Report on the Financial Statements**

We have audited the accompanying financial statements of Weingart Foundation (a non-profit organization), which comprise the statement of financial position as of June 30, 2020, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Weingart Foundation as of June 30, 2020, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Emphasis of Matter**

As discussed in Note 2(q) to the financial statements, the recent COVID-19 pandemic in the United States and worldwide has resulted in reduced economic activity and market declines. As the extent and duration of the future impact to the Foundation are uncertain, no adjustments were necessary to the financial statements, and our opinion is not modified with respect to this matter.

To the Board of Directors  
Weingart Foundation

**Report on Summarized Comparative Information**

We have previously audited Weingart Foundation's 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 9, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

## **NOTES TO FINANCIAL STATEMENTS**

June 30, 2020

### **NOTE 1 - ORGANIZATION**

Weingart Foundation (the Foundation) is a private foundation that was established as a tax-exempt, nonprofit corporation pursuant to the Corporation Code of the State of California on June 29, 1951. The Foundation makes grants to nonprofit agencies and charitable organizations located primarily in Southern California.

### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

#### **(a) BASIS OF PRESENTATION**

The accompanying financial statements have been prepared on the accrual basis of accounting.

#### **(b) NET ASSETS**

The presentation of net assets represents the absence of donor-imposed restrictions.

#### **(c) USE OF ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets, liabilities, revenues and expenses as of the date and for the period presented. Actual results could differ from those estimates.

#### **(d) CASH AND CASH EQUIVALENTS**

For purposes of the statement of cash flows, the Foundation considers cash on hand, deposits in banks, money market accounts and certificates of deposit with an original maturity of three months or less to be cash and cash equivalents. The carrying value of cash and cash equivalents at June 30, 2020 approximates its fair value.

#### **(e) CONCENTRATION OF CREDIT RISK**

The Foundation maintains its cash and cash equivalents in bank deposit and other investment accounts which may, at times, exceed federally insured limits. The Foundation has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

#### **(f) ACCOUNTS AND OTHER RECEIVABLES**

Receivables are recorded when billed or accrued and represent claims against third parties that will be settled in cash. The carrying value of receivables, net of the allowance for doubtful accounts, if any, represents their estimated net realizable value. The allowance for doubtful accounts, if any, is estimated based on historical collection trends, type of debtor, the age of outstanding receivables and existing economic conditions. If events or changes in circumstances indicate that specific receivable balances may be impaired, further consideration is given to the collectability of those balances and the allowance is adjusted accordingly. Past due receivable balances are written-off when internal collection efforts have been unsuccessful in collecting the amount due. At June 30, 2020, all receivables are deemed to be fully collectible; therefore, no allowance for doubtful accounts receivable has been established.

## NOTES TO FINANCIAL STATEMENTS

June 30, 2020

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### **(g) INVESTMENTS**

Investments in equity and debt securities with readily determinable market values are reported at fair value. The fair value of investments is valued at the closing price on the last business day of the fiscal year. Sales and purchases of securities were recorded on trade date, which may result in receivables and payables on trades that had not yet settled at the financial statement date. Realized gains and losses are calculated based upon the underlying cost of the securities traded. Interest and dividend income is recorded when earned. Gains or losses (including investments bought, sold, and held during the year), and interest and dividend income are reflected in the statement of activities as increases or decreases in net assets without donor restrictions.

Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain long-term investments, it is reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

Investments are made according to the investment policies, guidelines, and objectives adopted by the Foundation's Board of Directors. These guidelines provide for investments in equities, fixed income, and other securities with performance measured against appropriate indices. The investments are generally managed and reviewed by outside investment managers contracted by the Foundation.

Investments in commercial properties are stated at estimated fair market values, which are determined based on valuations performed by appraisers or by management. These valuations are subjective judgments, and the actual fair market values of real estate investments can only be determined by negotiation between independent third parties in a sales transaction.

Investments in private real estate investment trusts are reported at fair value using the income approach in accordance with the fair value accounting standards.

The Foundation reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the book value of the assets may not be recoverable. An impairment loss is recognized when the sum of the undiscounted future cash flows is less than the carrying amount of the asset, in which case a write-down is recorded to reduce the related asset to its estimated fair value. No impairment losses were recognized on long-lived assets during the year ended June 30, 2020.

#### **(h) PROGRAM RELATED INVESTMENTS**

In accordance with Internal Revenue Code (IRC) Section 4944, the Foundation is permitted to make investments in furtherance of its charitable purpose. Program related investments are anticipated to have lower-than-market returns on a risk-adjusted basis. Similar to grants, program related investments count toward the Foundation's payout requirement in the year of distribution.

## NOTES TO FINANCIAL STATEMENTS

June 30, 2020

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### (i) PROPERTY AND EQUIPMENT

Property and equipment are recorded at cost. Depreciation is computed on a straight-line basis over the estimated useful lives of the related assets, as follows:

Artwork	10 Years
Leasehold Improvements	Shorter of useful life or lease term
Furniture and Equipment	3-5 Years

The Foundation reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the book value of the assets may not be recoverable. No impairment losses were recognized on long-lived assets during the year ended June 30, 2020.

#### (j) TENANT IMPROVEMENT ALLOWANCES

Based on the stipulations of a facility lease agreement (see Note 7), the Foundation receives cash tenant improvement allowances and reports these amounts as a tenant improvement allowance liability, which is included in accounts payable and accrued expenses. The tenant improvement allowance liability is amortized to rent expense over the expected term of the lease.

#### (k) DEFERRED RENT

The Foundation recognizes scheduled increases in rent and allocation of free rent on a straight-line basis over the initial lease term and those renewal periods that are reasonably assured. The difference between rent expense and rent paid is recorded as deferred rent and is included in accounts payable and accrued expenses.

#### (l) GRANTS

Grants, including conditional grants, are charged against operations when authorized by the Foundation's Board of Directors. The actual payment of the grant may not necessarily occur in the year of authorization. Based on historical grant cancellation rates and the Foundation's giving trend, management has determined that there is only a remote chance that the conditional grants will not be paid and considers the liability for grants payable at June 30, 2020 to be fairly stated. Grants which are expected to be paid beyond one year are discounted at an appropriate rate, which management has determined to be 0.6%. Amortization of the present value discount rate is recorded as additional grants expense.

# WEINGART FOUNDATION

## NOTES TO FINANCIAL STATEMENTS

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### (m) INCOME TAXES

The Foundation is exempt from taxation under Internal Revenue Code Section 501(c)(3) and California Revenue and Taxation Code Section 23701(d). The Foundation is classified under IRC Section 509(a) as a private foundation and is subject to federal excise taxes on net investment income. On December 20, 2019, the Further Consolidated Appropriations Act of 2020 was signed into law, where the federal excise tax rate is modified to a flat of 1.39% (replacing the two-tier system of 1% to 2%) for tax years beginning after December 20, 2019. Deferred excise taxes arise from the net unrealized appreciation in the fair value of investments and have been calculated using the 1.39% excise tax rate at June 30, 2020.

Excise tax benefit in the statement of functional expenses consists of the following for the year ended June 30, 2020:

Current	\$	42,484
Deferred		<u>(888,337)</u>
<b>TOTAL EXCISE TAX BENEFIT</b>	\$	<u><u>(845,853)</u></u>

In accordance with the Financial Accounting Standards Board's (FASB) Accounting Standards Codification Topic No. 740, *Uncertainty in Income Taxes*, the Foundation recognizes the impact of tax positions in the financial statements if that position is more likely than not to be sustained on audit, based on the technical merits of the position. During the year ended June 30, 2020, the Foundation performed an evaluation of uncertain tax positions and did not note any matters that would require recognition in the financial statements or which might have an effect on its tax-exempt status.

#### (n) FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the Foundation's programs and other activities have been presented in the statement of functional expenses. During the year, such costs are accumulated into separate groupings as either direct or indirect. Indirect or shared costs are allocated among program and support services by a method that best measures the relative degree of benefit. The Foundation uses proportional salary dollars to allocate indirect costs.

#### (o) COMPARATIVE TOTALS

The financial statements include certain prior-year summarized comparative information. Such information does not include sufficient detail to constitute a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the Foundation's financial statements for the year ended June 30, 2019, from which the summarized information was derived.

### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

#### (p) NEW ACCOUNTING PRONOUNCEMENTS

In February 2016, FASB issued ASU No. 2016-02, *Leases*, which is intended to improve financial reporting about leasing transactions. The new standard will require organizations that lease assets with terms of more than 12 months to recognize on the statement of financial position the assets and liabilities for the rights and obligations created by those leases. The ASU also will require disclosures to help financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases. These disclosures include qualitative and quantitative requirements and provide additional information about the amounts recorded in the financial statements. For the Foundation, the ASU will be effective for the year ending June 30, 2023.

In June 2018, FASB issued ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*, which is intended to clarify the accounting guidance for contributions received and contributions made. The amendments in this ASU should assist entities in evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) within the scope of Topic 958, Non-for-Profit Entities, or as exchange (reciprocal) transactions subject to other guidance. For the Foundation, the ASU will be effective for the year ending June 30, 2021.

#### (q) SUBSEQUENT EVENTS

The Foundation has evaluated events and transactions occurring subsequent to the statement of financial position date of June 30, 2020 for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through September 4, 2020, the date these financial statements were available to be issued. The Foundation is not aware of any subsequent events which would require recording or disclosure in the financial statements, except as disclosed below.

The COVID-19 pandemic has caused business disruptions that could negatively impact the Foundation's investments. While this disruption is expected to be temporary, there is considerable uncertainty about its duration. Although there are likely to be effects on the Foundation's operating activities and results, the related financial impact cannot be reasonably estimated at this time. Similar to other instances of emergent needs, the Foundation has modified its grantmaking process to expedite funding to organizations significantly impacted by the pandemic.

### NOTE 3 - INVESTMENTS

The Foundation has implemented the fair value accounting standard for those assets that are re-measured and reported at fair value at each reporting period. This standard establishes a single authoritative definition of fair value, sets out a framework for measuring fair value based on inputs used, and requires additional disclosures about fair value measurements.

In general, fair values determined by Level 1 inputs utilize quoted prices (unadjusted) in active markets for identical assets. Fair values determined by Level 2 inputs utilize data points that are observable such as quoted prices, interest rates and yield curves. Fair values determined by Level 3 inputs are unobservable data points for the asset and include situations where there is little, if any, market activity for the asset.

# WEINGART FOUNDATION

## NOTES TO FINANCIAL STATEMENTS June 30, 2020

### NOTE 3 - INVESTMENTS (continued)

The following table presents information about the Foundation's assets that are measured at fair value on a recurring basis at June 30, 2020, and indicates the fair value hierarchy of the valuation techniques utilized to determine such fair value:

	Year Ended June 30, 2020	Fair Value Measurements Using			Net Asset Value Per Share or its Equivalent (NAV)
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	
<b>MARKETABLE SECURITIES:</b>					
Fixed Income	\$ 216,532,335	\$ 15,764,724	\$ -	\$ -	\$ 200,767,611
Equities	423,576,747	-	-	-	423,576,747
Mutual Funds	26,204,360	26,204,360	-	-	-
<b>TOTAL MARKETABLE SECURITIES</b>	666,313,442	41,969,084	-	-	624,344,358
<b>REAL ESTATE:</b>					
Private Real Estate					
Investment Trusts	99,450,464	-	-	-	99,450,464
<b>TOTAL REAL ESTATE</b>	99,450,464	-	-	-	99,450,464
<b>TOTAL INVESTMENTS</b>	\$ 765,763,906	\$ 41,969,084	\$ -	\$ -	\$ 723,794,822

The Foundation recognizes transfers at the beginning of each reporting period. Transfers between Level 1 and 2 investments generally relate to whether a market becomes active or inactive. Transfers between Level 2 and 3 investments relate to whether significant relevant observable inputs are available for the fair value measurement in their entirety and when redemption rules become more or less restrictive. There were no transfers between levels during the year ended June 30, 2020.

The fair value of the marketable securities within Level 1 was obtained based on quoted market price at the closing of the last business day of the fiscal year.

Investments valued using NAV are comprised of interests in limited partnerships, corporations and trusts. These investments (a) do not have a readily determinable fair value and (b) prepare their financial statements consistent with the measurement principles of an investment company or have the attributes of an investment company. Investments are valued using the NAV provided by the fund managers or general partners. It is probable that the investments will be sold at an amount different from their fair value at June 30, 2020.

# WEINGART FOUNDATION

## NOTES TO FINANCIAL STATEMENTS

June 30, 2020

### NOTE 3 - INVESTMENTS (continued)

The following table summarizes the redemption frequency and notice period for the Foundation's investments using NAV as practical expedient at June 30, 2020:

	Total Fair Value	Redemption Frequency and Notice Period
Fixed Income	\$ 200,767,611	\$168,624,804 Redeemable Daily to Quarterly Upon 2-90 Day Notice, and \$32,142,807 Illiquid
Equities	423,576,747	\$410,698,961 Redeemable Daily to Quarterly Upon 1-60 Day Notice, and \$12,877,786 Illiquid
Private Real Estate Investment Trusts	99,450,464	\$25,083,086 Redeemable Quarterly Upon 90 Day Notice, and \$74,367,378 Illiquid
<b><i>TOTAL</i></b>	<b>\$ 723,794,822</b>	

The illiquid investments provide distributions only upon liquidation of the underlying assets by respective fund managers. The fund managers estimate the underlying assets of these funds will be liquidated over one to ten years. As of June 30, 2020, unfunded commitments amounted to approximately \$107,455,657.

### NOTE 4 - PROGRAM RELATED INVESTMENTS

Program related investments represent various below-market-rate loans and equity investments. As of June 30, 2020, total principal outstanding was \$12,971,658. Interest rates on the loans range from 2% to 3% per annum and loan principals are to be repaid at various dates through June 2030. These loans are individually monitored to determine net realizable value based on an evaluation of recoverability.

Program related investments are scheduled for collection as of June 30, 2020, as follows:

<b>Years Ending June 30</b>	
2021	\$ 862,102
2022	6,972,752
2023	23,749
2024	2,024,789
Thereafter	3,088,266
<b><i>TOTAL</i></b>	<b>\$ 12,971,658</b>

As of June 30, 2020, unfunded commitments amounted to \$3,102,218.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 4 - PROGRAM RELATED INVESTMENTS (continued)

The Foundation guaranteed the repayment of a \$6,000,000 loan for an unrelated third party for a three year period ending September 8, 2020. In the event of default by the unrelated third party, through the terms of a reimbursement agreement, the Foundation may recover any payments made on behalf of the unrelated third party. The Foundation evaluated the need to record a contingent liability based on the net present value of the guarantee and concluded that the recording of a contingent liability was not required at June 30, 2020. As of June 30, 2020, the unrelated third party had complied with the terms of the loan agreement.

The Foundation has also committed \$5,000,000 to a national pool of loan guarantees to support unrelated third parties over a fifteen-year period ending December 2034. In the event of default by the unrelated third parties, the Foundation will share losses with other guarantors on a pro rata basis. As of June 30, 2020, no guarantees had been made.

### NOTE 8 - RETIREMENT PLAN

The Foundation sponsors a 403(b) defined contribution pension plan for its full-time employees. Under the provisions of the plan, the Foundation makes annual contributions up to certain limits prescribed by Internal Revenue Service. Contributions vest immediately and investments are employee-directed. During the year ended June 30, 2020, the Foundation contributed \$567,775 to the plan on behalf of its employees.

### NOTE 9 - RELATED PARTY TRANSACTIONS

The Foundation's Board of Directors has adopted a conflict of interest policy and re-affirms its belief that its mission is fostered by having on the Board persons active in the community, including those who serve on the boards of organizations who are or may become grant recipients. The conflict of interest policy is intended to assure grantees of the Foundation that decisions of the Foundation are made objectively with full knowledge of the involvement, if any, of the Board and staff and their immediate family members with grant-seeking agencies. Board members with an affiliation with the grantees were not involved in the grant making decision process.

The Board of Directors was compensated for performance of Board services during the year ended June 30, 2020.

### NOTE 10 - LIQUIDITY AND AVAILABILITY OF FINANCIAL RESOURCES

The Foundation's financial assets that are available for general expenditures within one year are summarized below:

Financial Assets at June 30, 2020	
Cash and Cash Equivalents	\$ 10,113,034
Investments	646,375,935
Investment Sales and Dividends Receivables	<u>5,539,171</u>
<b>TOTAL FINANCIAL ASSETS</b>	
<b>AT JUNE 30, 2020</b>	<b><u>\$ 662,028,140</u></b>

The Foundation regularly monitors liquidity required to meet its operating needs and other contractual commitments, while also striving to maximize the investment of its available funds. As part of the Foundation's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. The Foundation has various sources of liquidity at its disposal, including cash and cash equivalents, and investments.
